**Exposure Visit cum Demonstration at Bamungaon Nursery**

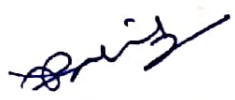

Students of the B.Sc. 4th semester participated in an educational visit organised by the Department of Botany, Abhayapuri College to Bamungaon Nursery, located in Bamungaon, Abhayapuri, as part of the SEC course, Nursery and Gardening (BOT-SE-4014). During the visit, nursery expert Mr. Tapan Kumar Saha demonstrated the various tools and techniques used in managing nursery products. He also provided an extensive explanation of the artificial vegetative propagation methods employed at the nursery. Mr. Saha practically demonstrated propagation techniques, seed bed preparation, grafting, cutting methods, and the cultivation of highly demanded Bonsai plants, as well as various indoor and outdoor plants.

The students were accompanied by Dr. Rajesh Dev Sarkar and Trishna Roy Prodhani, Assistant Professors from the Dept. of Botany, Abhayapuri College, who provided additional insights and guidance throughout the visit.

## Botanical Excursion to Manas National Park, 2024-2025

**Date of Visit:** 25<sup>th</sup> April 2024

**Place of visit:** Mans National Park, Panbari Range

The Department of Botany, Abhayapuri College organized a one-day field trip to the Manas National Park, Panbari Range on April 25, 2024. Faculties of the Department Dr. Subrata Sarkar (HoD), Dr. Ashoke Kumar Das, Trishna Roy Prodhani, and Dr. Rajesh Dev Sarkar, along with students from the B.Sc. Botany Honours 2nd, 4th, and 6th semesters, enthusiastically participated in this educational expedition. During the excursion, students gained insights into the vegetation and ecological succession within the national park, enhancing their understanding of various plant species and their habitats. The rich diversity of the national park significantly enriched the students' botanical knowledge.

Through interactive discussions, hands-on fieldwork, and guided observations, participants expanded their botanical knowledge base, honing their skills in species identification, habitat analysis, and ecological interpretation. The immersive learning environment fostered a deeper appreciation for the intricate beauty and ecological significance of Manas National Park.
