

REPORT

Online webinar on “Applied Statistical Analysis for Research”

An online webinar entitled “Applied Statistical Analysis for Research” was organized by Department of Mathematics and Department of Economics, Abhayapuri College, in association with Internal Quality Assurance Cell, Abhayapuri College, on October 4th, 2023. Dr. Kuldeep Singh from Symbiosis Institute of Business Management, Symbiosis Deemed International University, Pune, India, acted as a Resource Person in the webinar. The participants included both Teachers and Students, gained valuable insights and information about “R” language and its application in analysis of data. The information shared during the session was very enlightening for the participants. The number of participants in the webinar was **approximately 65**.

APPEAL

This is a general appeal to all the Faculties, Research scholars and Students (UG Final year and PG) of various Academic and Research Institutions, that an **online webinar** is organized by Department of Mathematics and Department of Economics, Abhayapuri College, Bongaigaon, Assam, on 4th October, 2023 at 6 PM. The title of the webinar is "Applied Statistical Analysis for Research".

Speaker: Dr. Kuldeep Singh, Assistant Professor, PIIM, Symbiosis International Deemed University, Pune, India.

Significance of the webinar:

- Statistical Analysis is the process of collecting and analyzing data to reach at a particular conclusion.
- Modern applied research mostly involves the analysis of data. With growing access to big data, there is a rising demand for experts with applied statistics understanding. These experts visualize and analyze data to make sense of it, and then use it to solve real-world challenging issues.
- Applied Statistics and data analysis are growing fast in corporate world and students can find opportunities if they have basic knowledge of the subject.

Who may join?

- The Faculties and Students who are engaged or planning to be engaged in such type of research that involves data analysis are encouraged to join the webinar.
- Students, mainly those who are in last year of graduation or post-graduation, are also encouraged to join the webinar.
