

Workshop on “Solid Waste Management” held at Abhayapuri College

On 13th May, 2024, a workshop on Solid Waste Management” held at Abhayapuri College organized by its Eco Club and Environment & Climate Cell in collaboration with The Assam Science Technology and Environment Council. The workshop is a part of an initiative by the Ministry of Environment, Forests, and Climate Change, Government of India, under the Environment Education Program to educate Eco club members of school level students. In the morning plantation was done by Sri Pranjit Kalita, the Principal of the college and Sri Jagannath Das, HoD of Philosophy department. The workshop was formally inaugurated by Sri Rohini Kumar Choudhury, the Governing Body president of Abhayapuri College. The inaugural speech was given by Sri Ranjan Choudhury, who is the Head of Chemistry department. The introduction to the main theme of the workshop was presented by Eco Club convener Dr. Ashoke Kumar Das. He has also elaborated the role of Eco clubs and the significance of environment education programme of the Ministry of Environment, Forests, and Climate Change. As a resource person, Sri Meghnad Nath, the former chief Environment Engineer of Assam Pollution Control Board has delivered elaborate lecture on importance of Solid waste management, definition of solid waste and their types and also discussed the environmental and health impacts of poor waste management. He also described about the plastic waste and their environmental challenges, including how to reduce plastic waste generation and their recycling. Another resource person, Miss Nilakshi Adhikary, a Self help Group woman has demonstrated the production of handmade utensils from waste plastic. Students from various high schools and higher secondary have participated in the process of such demonstration. Above 100 students along with their guide teachers from 14 different schools have participated in the workshop.
